CASSETTE WEEK 2022 BRINGS LOTS OF GOODWILL

Current Phonograph is celebrating Cassette Week 2022 on their website currentphonograph.com

October 9th-15th to celebrate the revered analog cassette tape.

The company has brought in exclusive titles for Cassette Week 2022 from Tapehead City, the organizer/creator of Cassette Week. Exclusive titles include releases from Cursive (Omaha, Nebraska), Clown Sounds (San Pedro, California), & all female queer band Thelma and the Sleaze (Nashville, Tennessee).

Although the owner of Current Phonograph, Glen ugly Naughty AK GuN, is confident indie music fans will find cassette tape titles they like on his website, he directs consumers looking for tape players to Goodwill Industries.

"Music cassette tapes sound better on Sony Walkman.", states GuN. "The argument is you're better off buying a vintage Sony Walkman from Goodwill stores in great condition than throwing away money on those cheap Chinese junk players offered as new these days. Sony Electronics are high quality. Both Goodwill bricks & mortar stores plus shopgoodwill.com are excellent starting points. That's where I got mine!".

Although 2022 is the third annual running Cassette Week, Cassette Week 2022 is the first CW with Current Phonograph supplying exclusive cassette tape titles via mail order.
